How is my day and week organised?

We know that having a routine and some structure is really important for helping you to focus on your learning, so this timetable is designed to help you organise your day and week of home learning.

Each day you will have lessons and work set for the following subjects:

- Times Tables Rockstars (except Monday)
- Maths
- English
- Guided Reading
- History, geography or science
- Spelling or punctuation and grammar

Some days you will also have lessons and work set for the following subjects:

- RE (Wednesday)
- PSHE (Friday)

There is a **themed assembly** and a **celebration assembly** (Monday and Friday)

You also have '**Option time**' each day in the afternoon. You should always do the first option time. If you can, you should try to do the second option time as well.

- **Creative** – art, music or design and technology
- **Active** – PE or fitness
- **Language** – computing or Spanish

- You will receive **two Achievement Points** for each option activity that you do.

When should I complete my work by?

- You need to send your teacher your completed work by **5pm** each day. If this is not possible, please let your class teacher know.
- You will get **one Achievement Point** for all completed work.
- At the end of each week, in the class **celebration assembly**, we look at some of the great work that has taken place over the week. We can't wait to see you there!
