Dear Parent/Carer,

Personal, Social and Health Education programme - Year 6

As part of Trinity Academy Akroydon's Personal, Social and Health Education programme, your child will soon receive lessons on the changing adolescent body and puberty. The purpose of Relationships and Sex Education (RSE) is to provide knowledge and understanding of how the human body changes during puberty and the processes of human reproduction, within the context of relationships based on love and respect. It forms part of our Relationships Education which is a statutory requirement of the Primary Curriculum.

Parents are the most important educators of young people in personal issues and many welcome the support that school can offer to supplement their home teaching. You may find that your child starts asking questions about the topic at home, or you might want to take the opportunity to talk to your child about issues before the work is covered in school. If you have any queries about the content of the programme or resources used, please do not hesitate in contacting me at school.

Yours sincerely,

Mrs J Greenwood
