## Parental warning - Huggy Wuggy on Poppy Playtime

Internet safety agencies are warning parents to be vigilant over videos circulating on YouTube and TikTok featuring a menacing character named 'Huggy Wuggy' from a survival horror game called 'Poppy Playtime'. This leads parents to believe the videos are aimed at youngsters and contain no inappropriate material. It even slips by many device parental controls. The reality is that Huggy Wuggy chases and threatens other characters in nightmarish scenarios, leaving some children upset and frightened.

Poppy Playtime is perfectly legal and widely available on App stores for Apple and Android mobile devices with a **PEGI rating of age 12+**.

Please be vigilant in respect of the content your children are accessing and take appropriate steps to remove or block any harmful content they may be exposed to.
