Big Schools' Birdwatch

We have been taking part in the RSPB Big Schools' Birdwatch this week, with the children surveying the school grounds to discover which bird species visit our school. We have also been trying to attract more birds by making speedy bird cakes, lardy pinecone feeders and crumby maggot pastries - delicious! Both activities will count towards the children gaining their individual "Wild Challenge" bronze certificate.

We have seen many varieties from Black Headed Gulls to Robins and are learning to recognise and name them by their plumage, birdsong and flight patterns. Watch out for a species list on our website!

Thank you to our parents and carers who took time to share positive messages of support about us working to stay open for all pupils. Such comments mean a lot in challenging times - thank you.

Bikeability

This week, some Reception pupils took part in the Bikeability Learn to Ride training course. Through a series of games and exercises they have learnt how to balance and glide, get on and off their bikes safely and learnt to control their bike with more precision. All children enjoyed the course and are now more confident in their biking abilities.
